Portable stands for protective clear barriers.

Metro barrier shields and stands offer a sturdy, portable mounting surface for clear polymer panels. You can easily configure the space to fit the safety requirements of today, and adapt the product in the future to satisfy changing needs.

Three styles to choose from:

• *Slim model tucks easily in and around tight work areas.*

• *Nesting H-frame model rolls quickly into place and offers added hanging storage.*

• *Full Metro carts combine a mounting surface with additional shelf storage.*

Each model features a durable rust resistant Metroseal Gray epoxy with Microban antimicrobial protection that stands up to routine cleaning. You have the option to add a clear panel from Metro or use your own. Mounting hardware is provided.
