

heiss

Build dynamic displays with Heiss induction-ready cookware, the chef-friendly alternative to traditional enameled cast iron.

Made from cast aluminum, Heiss is 1/3 the cost and weight of cast iron and offers a more even heat, unburdening staff and increasing safety due to lightweight pieces.

1/3 the Cost & Weight

- Traditional enameled cast iron is understandably popular but it's dangerously heavy for a commercial environment and unrealistically expensive
- Made from cast aluminum, Heiss cookware is 1/3 the cost and weight of cast iron, freeing up budgets and improving staff safety

Durable

- Heiss cast aluminum bodies not only offer more even heat than traditional cast iron, they heat and cool more rapidly too, making setup and breakdown safe, easy and fast
- Enjoy a lengthy in-service life with proper care and maintenance; see the details in the maintenance section

Style & Choice

- Get the same coveted cast iron look to distinguish your banquets and action stations for significantly less investment
- The comprehensive Heiss line includes pieces ideal for individual entrée service, side dishes, buffets and open kitchen concepts

Heiss Antique White

The newest color for the Heiss collection, Antique White offers a trendy, food-friendly neutral that makes food pop.

This cozy color adds charms to any décor and speaks to the resurgence of farm-fresh ingredients and vintage recipes.

Heiss Minis

Don't forget the little guys!

Undeniably endearing, Heiss Minis create an experience for your guests instead of just a meal. Engage and delight diners with upgraded side and small plate presentations.

Distinguish Your Tabletop With Heiss Minis

Ignite inspiration for long-simmered entrées like pot roast, coq au vin and more with mini 0.75 qt. Dutch ovens. Lift the lid for unique, aromatic tableside presentations that will set you apart from your competitors.

Provide an experience instead of just a meal with undeniably endearing mini side dish pots and pans. Delight guests with roasted gratins, browned specialty mac-n-cheese, veggies and more.

Each piece, up to 500°F, can be exposed to open flame, ovens and salamanders, and the 0.75 qt. Dutch ovens are induction-ready, providing operational flexibility for creative service.

Heiss Accessories

Great design isn't always what you see.
Sometimes it's what you don't.

Building dramatic presentations with the subtle
design of Heiss accessories couldn't be easier.

The Heiss lid holder and knob cover add flair in
barely-there style while keeping food hot until it's
ready to serve, and increasing operational safety.
