### Advanced polymer foam

The unbelievable strength-to-weight ratio and ability to absorb impact.

#### Lightweight

EPP is an engineered plastic foam material that is remarkably lightweight and useful in a wide variety of applications where weight reduction is desired.

#### Super Strong

EPP has a very high strength-to-weight ratio and is an excellent energy-absorbing material that can withstand impact without damage.

#### Insulative

EPP provides effective thermal insulation for applications where food, medical supplies and other temperature sensitive products require protection.

Keeps Food  
**HotCold**

**5+** hrs.
